APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: / substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times. This permit is also issued subject to the terms and conditions of a stipulation between the permittee and the Hunnewill Land and Livestock Company, Inc., filed in this office on October 22, 1957 and with the understanding that the amount of diversion is limited to the amount of water available at the point of diversion not to exceed the amount allowed in this permit.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 12.0 cubic feet per second, or a yearly duty of 4.0 acre-feet per acre of land irrigated.

Actual construction work shall begin on or before June 19, 1958.

Proof of commencement of work shall be filed before July 19, 1958.

Work must be prosecuted with reasonable diligence and be completed on or before June 19, 1959.

Proof of completion of work shall be filed before July 19, 1959.

Application of water to beneficial use shall be made on or before June 19, 1963.

Proof of the application of water to beneficial use must be filed with State Engineer on or before July 19, 1963.
